GENERAL ORDER

GENERAL ORDER #: 335	RESCINDS: 11/22/13, 07/01/14, 07/21/14, 04/09/18, 07/01/19, 10/02/19, 11/11/19
SUBJECT: USE OF PHYSICAL FORCE	NYS ACCREDITATION: 20.1, 20.6, 33.4
EFFECTIVE DATE: 04/28/2020	
BY ORDER OF: Stuart W. Peenstra, Chief of Police	

- I. **PURPOSE:** The purpose of this order is to establish policy and procedures for the use of physical force by sworn officers of the Town of Seneca Falls Police Department and to establish procedures for reporting and evaluating the use of such force.
- II. **POLICY:** It is the policy of the Town of Seneca Falls Police Department to recognize the value of all human life and dignity without prejudice to anyone and to use a reasonable amount of force necessary in the performance of their duties. [Revised: 10/02/2019]
 - A. Sworn officers may use only that level of physical force necessary in the performance of their duties within the limits established by Article 35 of the New York State Penal Law, and consistent with the training and policies of the Town of Seneca Falls Police Department. Personnel shall use only the amount of force that is objectively reasonable and under the circumstances for the officer involved to effect an arrest, prevent an escape, or defend themselves or others. It is the responsibility of each officer to be aware of the requirements of Article 35 and to guide his/her actions based upon that law and department policy and training.
 - B. Each officer should be aware of the standard of objective reasonableness, established by the United States Supreme Court in *Graham v. Connor*. As the Supreme Court has recognized, this inquiry embodies allowance for the fact that police officers are often forced to make split-second judgments in circumstances that are tense, uncertain, and rapidly evolving about the amount of force that is necessary in a particular situation. [Revised: 10/02/2019]
 - C. Only issued or approved equipment will be carried on duty and used when encountering resistance, except in extreme emergency situations when an employee may use any justifiable resource at his/her disposal.
 - D. The use of any active countermeasure, including but not limited to, pressure point control; the actively pointing or deploying a baton, or impact munitions; the actively pointing or deploying of an ECD or the actively pointing of or deploying of a chemical agent, including but not limited to, oleoresin capsicum, pepper spray or tear gas is considered a use of physical force and will require a incident report. Any use of force shall be documented in an officer's incident report and, when required, a "Subject Resistance Report" as outlined in section E "Subject Resistance Report". [Revised: 11/11/2019]
